July 24, 2018 A: It appears you are downloading via a torrent. This is where the DLLs are. Problem Solved This forum thread appears to be relevant. A: To fix the "Invalid Function" error: Download the "BJ" version and delete the "PS" files (no longer needed) Download and install the game That's it! This game has an issue where if you use the "Original" (non-PS3) versions, the game may need to be reinstalled due to a corrupted DLL file. ♦ to their sentencing, Mr. Von Schrader waived this right. -7- Finally, we consider whether the district court committed plain error in imposing a substantively unreasonable sentence. The only plausible argument Mr. Von Schrader makes for a substantively unreasonable sentence is that it is disproportionate to the sentence of other defendants who have received similar conduct enhancements. But as the district court explained, Mr. Von Schrader's offense is particularly egregious. "[T]he use of guns particularly in gang-related violence is not a rare occurrence," and this fact was "undoubtedly" taken into account by the district court. United States v. Wilson, 701 F.3d 1253, 1273 (10th Cir. 2012). As for the sentence, we note first that this is not a case of the district court "disregard[ing] its carefully considered sentencing law obligations." United States v. Galarza-Payan, 713 F.3d 1187, 1197 (10th Cir. 2013). The district court fully considered and explained the requirements of 18 U.S.C. § 3553(a) in imposing Mr. Von Schrader's sentence. Moreover, the consideration of the

I played this game on a friend's computer, and when i tried to open up the game i got the error code 6. The problem was that the shortcut to the game was made in this folder: C:\Users\USERNAME\AppData\Roaming\Microsoft\Windows\Start Menu\Programs\Startup\Unarc.exe . I fixed it by deleting this folder.
